

Contractors

As a contractor in the sports and play sector, you'll be keen to ensure you minimise exposure to critical risks. Risks such as claims for negligence and injury post completion. Besides our expertise in general construction cover, Merlin can help you with cover to minimise risks at all stages of your project.

At Merlin, the team understand the unique risks sports construction contractors face. Whether sports fields, multi-use or other athletic facilities, you'll need specialist cover to protect against unexpected incidents.

We're here to provide comprehensive, custom-built insurance solutions that safeguard your business, equipment, and team. With the right cover, you can focus on what you do best: building exceptional sports facilities.

Ensure you have the cover you need, not the cover which gets an insurer the biggest payback.

Take non-negligence cover, for example: We have a strong track record of helping firms find adequate cover without the unnecessary expense of duplication.

Why Choose Us?

- **Industry-Specific:** We understand the risks involved in sports facility construction and offer policies that address your unique needs.
- **Comprehensive Protection:** From design to defects liability and beyond, our insurance plans cover every step of the process.
- **Experienced Support:** Our dedicated team knows your industry inside and out, offering guidance and support from quote to claim.

Speak to us today, and find out how we can support you and your projects.
